PROFESSIONAL SUMMARY

Passionate Full Stack Developer (MERN) with a strong grasp of JavaScript, React.js, Node.js, Express, and MongoDB. Skilled in building responsive web applications, RESTful APIs, and dynamic user interfaces. Eager to apply my problem-solving skills and contribute to innovative projects in a collaborative environment.

EDUCATION

Full Stack Web Development <i>Masai School, Bangalore</i>	August 2024 - June 2025
Bachelor in Computer Application <i>Bundelkhand University, Jhansi</i>	June 2016 - July 2019 <i>CGPA: 7.0/10.0</i>
Higher Secondary School <i>Modern School, Sec-17, Faridabad</i>	June 2017 - March 2019 <i>Percentage: 80.00/100</i>

CERTIFICATIONS

SQL Essential Training – LinkedIn Learning	 View
Java - Object Oriented Programming – LinkedIn Learning	 View
React: Creating and Hosting a Full- Stack Site – LinkedIn Learning	 View

SKILLS

Languages: C, Java, HTML, CSS, JavaScript, SQL
Libraries: React, Redux, Axios, Mongoose
Tools: Git/GitHub, VS Code, Tailwind CSS, Firebase, MongoDB
Frameworks: Express

PROJECTS

- E-Commerce** | *React, Redux, CSS, API, Git, VS Code* |  [repo](#) |  [live](#)
- Developed this as an assignment in our React course. It's a basic e-commerce platform.
 - Learned how to use Redux/Redux-Tool-Kit to optimize the code structurally and connected with Firebase through API.
- Note-Making App** | *React, Tailwind CSS, NodeJS, Express, MongoAtlas* |  [repo](#) |  [live](#)
- Developed a full-stack web application for making and managing our notes.
 - Experimented with responsive design and workflow of React state management.
 - Learned Schema design using mongoose, Create, Read, Update and Delete notes.
- Car Rental** | *React, Tailwind CSS, NodeJS, Express, MongoAtlas* |  [repo](#) |  [live](#)
- Developed a full-stack web application for renting cars.
 - Experimented with responsive design and workflow of React state management.
 - Writing queries to fetch data from MongoAtlas.
 - Created APIs, learned protected routes for user and owner. CRUD operations for bookings.

EXPERIENCE

Kalvi Career Education Private Limited, Bangalore | *Technical Mentor* Nov. 2025 – Present
Explain Computer Science concepts (Data Structures, Algorithms, OOP) to students while simultaneously solving their coding doubts in real-time using Python, Java, or Javascript.
